Re: MB Docket No. 04-233

Dear Ms. Dortch:

Give Back Cincinnati is a nonprofit organization focused on enhancing Cincinnati's communities through activities of volunteerism, while fostering the development of young leadership through participation. Each year Give Back Cincinnati organizes 7-10 large-scale one day volunteer and civic engagement activities, and several social events.

94.9 The Sound (WSWD) has been a very generous partner in our organization's community work. Give Back Cincinnati is fortunate to have such an involved local media partner. Specifically, the station has:

- Used airtime to promote our volunteer events
- Raised money for events by allowing donations on the station's website.
- Donated station memorabilia to be given away during events
- Staffed station booths during events and provided music
- Planned a "Rock the Vote" concert featuring local bands

Bonneville International-Cincinnati (specifically WSWD) has been effective in serving our organization's needs as well as those of the community at-large. We see no need for additional rules or reporting requirements that insert federal oversight of the process of broadcasters serving the community.

Respectfully submitted,
